Subject: Uber

If Uber is allowed to operate. It will ultimately kill the taxi industry. If they become allowed to operate. Each driver should carry their own ORS#. And commercial insurance. Because Uber will only cover the passenger. Not the vehicle. Or driver. And each driver carry a business license wherever they intend to operate. If we as cab owners have to pay all fees. City, state, county, etc. Then they all should have to do the same. Thank you. P.S. No Uber.
